The single-use plastic which we use in our daily life is very harmful to our nature. Despite this, day by day, the usage is crossing the limit. The use and throw away plastic we use needs many millions of years to degrade, which is creating a great threat to the environment. But people getting awareness is very much about this issue. Right education should be given to people. For this, the NSS members of Maharani Lakshmi Ammanni College have taken an initiative to bring awareness about this to people. So we had nearly 50 NSS members going on Walkathon from 18<sup>th</sup> cross to Malleshwaram circle with the motto “Avoid Single-use Plastic”.

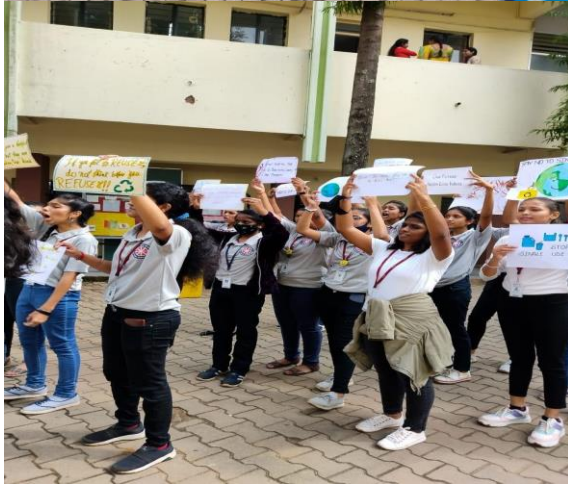

This had a great impact on people. The walkathon was supported by Malleshwaram police who came along with students. NSS volunteers constantly expelled the visions and mottos by reducing the usage of practice. A good response was also received by people around. The walkathon started right from the 18<sup>th</sup> cross and went to Malleshwaram circle and came back to Maharani Lakshmi Ammanni college.
